

Gulf Breeze SoundWave Band

675 Gulf Breeze Parkway

Gulf Breeze, FL 32561

May, 2010

Dear Friends of the Band,

Gulf Breeze High School is so fortunate to have an award winning Band Program for our children. National Education Studies have shown that students who participate in music programs score higher GPA's , have a higher graduation rate and attend college in numbers that surpass the general norm. That's why the GBHS Band Boosters feel it important to "Keep the Music Playing" and we are humbly asking for your help !!

Running a Marching and Concert Band Program for 100+ students every year takes money. This year alone it will take approximately \$56,000 to meet the many financial obligations, such as bus transportation, insurance, sheet music, competition fees, uniform cleaning and many others .This does not include the cost of new instruments or new uniforms that need replacing too! ***The students will be responsible for raising at least \$515 each*** as their part of the "My Fair Share" budget planning and to help the students, the Band Boosters organize several fundraisers throughout the year to raise the funds needed. The Annual Football Program Publication is one of these fundraisers.

Please find attached here the application for your advertising placement. The programs are for sale at each home game so the ads can be read by approximately 2000 attendees every season. Our program uses a professional graphic artist that can assist in creating just the ad you want and the ad will be presented to you for approval before it goes to press. The program is printed on high quality paper and can be mastered in either full Color or Black& White!

If you have any questions concerning an ad placement, please feel free to call me directly at the numbers & Email listed below. Thank you so much for your consideration of the GBHS Band Football Program in your advertising budgets! We look forward to seeing you in print soon!!

Respectfully,

***Deborah Roche,***

Football Program Chairman
